TO ALL OUR CUSTOMERS

Subject: Packaging material identification system (97/129 / EC - EU 2018/851 - EU 2018/852 - LEGISLATIVE DECREE No. 116/ 2020)

Following the indications of the Legislative Decree No. 116 / 2020 which transposed the EU Directive 2018/851 and 2018/852 on waste and packaging, the Fixi Group has decided to indicate the type of packaging, the material recycling codes and the relative instructions for a correct recycling on all the transport documents.

All the packaging used can be separated manually without risks to the safety and health and without the use of additional tools or devices.

Furthermore , the Fixi Group does not use multi-component packaging, therefore packaging that cannot be separated manually is not used.

We remain at your disposal for any further clarification.

Yours Faithfully
